

IntelliFOCUS™

Enable increased communication with your customer base.

IntelliFOCUS

Comverge IntelliFOCUS is a cost-effective, in-home display designed to help utilities communicate with their customer base through electric consumption data, real-time pricing, and messaging alerts. This easy-to-use, AMI-ready display allows customers to closely track their electricity consumption and receive messages and alerts from their utility provider. This portable gadget also has a magnetic backing, a base, and a rechargeable battery so it can be placed anywhere in the home.

Key Product Features

- Easy to read LCD display (128 X 64 interface)
- Displays current and accumulated electricity usage in USD (\$) or Kilowatt Hours (KWh)
- Wireless communication; ZigBee certified
- Shows text messages and alerts from utility providers
- 3 color LED indicators
- Under 5 ounces; less than 1 inch thick
- Rechargeable battery
- Digital certificate authenticity
- Operating environment: 5°C – 45°C at < 85% relative humidity
